SELECTION AND HIRING PROCESS

You must take and pass a written examination to be placed on the eligibility list for appointment as a Firefighter.

Written Examination: The written examination consists of three subtests: the Written Ability Test (WAT), the Life Experience Survey (LES), and the Work Styles Questionnaire (WSQ). The WAT is administered to measure cognitive abilities that have been identified as essential to performing the duties of a Firefighter. The WAT includes areas of verbal expression, verbal comprehension, problem sensitivity, deductive reasoning, inductive reasoning, and information ordering. The LES consists of a series of multiple-choice questions related to candidates' past history and experience of potential relevance to successful performance of entry-level firefighters. The WSQ is designed to assess certain motivational, value-related and attitudinal characteristics that are of potential relevance to successful performance of entry-level firefighters. An *Orientation and Preparation Guide*, which describes the written examination in more detail, will be available and posted in the [Firefighter Exam Preparation & Appointment Process Information section](#) by March 31, 2006.

Credit for Employment/Experience as a Firefighter: Pursuant to the provisions of section 22 of Chapter 31, individuals may apply to receive credit for employment or experience in the position title of Firefighter. Information on how to apply for this credit will be included with your notice to appear for the examination. On the day of the examination, you will be asked to provide specific details of any employment or experience you have in the examination title as the result of service on a city or town fire force, including dates of service and number of hours worked per week. You must submit documentation supporting these claims. Please note, credit for employment or experience is applicable only to individuals who achieve a passing score on the written examination, and cannot be added to a failing written score in an attempt to achieve an overall passing score.

Applicants who pass the written examination **AND** receive a conditional offer of employment from a municipality will be instructed on how to apply for the Physical Abilities Test and other screening processes:

1. **Medical Exam:** Candidates must pass a medical examination before they will be allowed to take the Physical Abilities Test. Some municipalities may also require candidates to pass a psychological evaluation before they are appointed.
2. **Physical Abilities Test (PAT):** This will test aerobic capacity and physical capability necessary to perform tasks such as: dragging a person, raising a ladder, gaining forcible entry using a sledgehammer, advancing a fire hose, tearing open a ceiling or wall using a plaster hook, carrying equipment upstairs, and crawling through a darkened enclosed area to search for victims. Applicants who pass the written examination and receive a conditional offer of employment from a municipality are informed about applying for a PAT at that time. A separate fee (currently \$150) will be charged to take the PAT. For additional information about the PAT and to download a copy of the PAT Preparation Guide, visit the HRD website [Firefighter Exam Preparation & Appointment Process Information section](#).
3. **Character:** A candidate may be disqualified for evidence of character clearly unsuited for fire services. Most municipalities conduct a comprehensive background check prior to appointment.
4. **Job Interview:** A municipality may conduct an oral interview prior to appointment.

DRIVER'S LICENSE: Most municipalities require you to possess a valid Massachusetts motor vehicle operator's license prior to appointment.

SMOKING PROHIBITED: Firefighters hired from the eligible list resulting from this examination are prohibited from smoking tobacco products at the time of and after appointment, pursuant to Chapter 41, Section 101A, of the Massachusetts General Laws.
